

The map illustrates the geographical distribution of tidal energy projects across France. Key project details include:

- FloWatt:** 7 x 2.5 MW, located in the north-western region.
- Normandie Hydrolienne:** 4 x 3 MW, located in the north-eastern region.
- Akuo Energy / Sabella GE:** 2 x 0.5 MW, located in the north-western region.
- Hydro Énergies / Sabella:** 2 x 0.25 MW, located in the western region.
- Seeneoh:** Located in the southwestern region.

The map also highlights the involvement of **Interreg** (France | Channel | Manche | England) and **TIGER** (TOTAL STREAM INDUSTRY ENERGIES) in supporting these projects. Major cities and regions are labeled, including Brest, Nantes, Paris, Bordeaux, Caen, Rouen, Le Havre, Dunkerque, and Marseille.
